TOMATO GRO

with PCO Mineral Complex

CONTAINS ESSENTIAL PLANT NUTRIENTS

Purple Cow Organics Tomato Gro builds from the remarkable quality of Purple Cow Activated Compost, developed for the specific challenges associated with the tomato. Tomato plants feed early and often; one can't play catch-up with these edibles. It's formulated for the specific needs of tomato plants and is excellent for use in garden soil or added to large or small containers. It's made from all natural organic ingredients and contains no manure.

"I USED PURPLE COW TOMATO GRO LAST YEAR AND THEY WERE THE BEST TOMATOES I'VE EVER HAD! THAT'S WHY I'M BUYING SOME MORE WITH ALL MY TOTATOES."

- PCO Customer, Pesche's Garden Center

"WE'RE PLAYING AROUND WITH SOME TOMATO GROWTH THIS YEAR...SOME USED PURPLE COW SOME USED [OTHER]...I GOT SO TICKED OFF AT THE SLOW GROWTH OF THE SMALLER ONES THAT WE ADDED PURPLE COW. PRETTY IMPRESSIVE DIFFERENCE!"

-Brad Wynne, Veg Out Gardens

IT'S AS EASY AS 1-2-3!

1

Mix 1-2 handfuls of Purple Cow Organics Tomato Gro with your garden soil at the bottom of the planting hole.

2

With your hand or planting trowel, make a 12" circle in the soil around your plant that is 3-4" deep.

3

Take another 2-4 handfuls of Purple Cow Organics Tomato Gro and fill the ring around your plant.

A 100% Natural and Organic Product:
